Subject: Introductory Letter

To Whom It May Concern:

The intent of this letter is to introduce Sterrenstof, a web development project founded by Tom Coysman in April of 2020.

Sterrenstof strives to create beautiful and straightforward websites for companies and entrepreneurs; a space where the user is guided towards essential information whilst the aesthetic effortlessly adds to the feel of the company.

Sterrenstof has in its young existence already worked with clients on dynamic and static webpages, backend applications and e-commerce. We are specialized in front end development, UI/UX design, and marketing. We also provide general monitoring and maintenance, so that your application is always up to date in the ever-changing landscape of the digital world.

More information about previous projects can be found on the [sterrenstof homepage](#). About inquiries or commissions feel free to contact me at: +491774068093 or through coysmantom@hotmail.com.

We are looking forward to hearing from you soon.
Sincerely,

Tom Coysman
